

Your Guide to Local Grants

Introduction

Welcome to the latest edition of the Hull CVS 'Your Guide to Local Grants' factsheet listing over 30 local grant schemes from Hull CVS, Hull City Council, the NHS, businesses and charitable trusts. Most of the grants available from these sources are under £5,000 with many giving much smaller amounts.

Our factsheet gives basic information on the aims of each grant scheme, how much can be awarded and how to apply. Contact details and websites for further information are also given where known.

Funders receive many applications from groups for projects that are either not eligible or relevant to their work - this can be a waste of time both to funders and to you. The golden rule is always to read the funders guidance or contact them first before applying.

This factsheet looks at local funding sources - there are also hundreds of national charitable trusts and funds. Our website at www.hullcvs.org.uk lists some of the more popular national funding sources you could apply for.
